

The Food Service Department is managed by the Nutrition Group.

Dear Parent/Guardian and Student:

Welcome to the Millville School District. Please direct any questions or concerns about the Food Service Department to (570)458-5538 ext. 2223 during school hours. Nutrition Group offers a wide variety of foods at both schools. Monthly menus are given to elementary students to bring home for you to see the choices available. Menus are also available on the Millville District website. We strive daily to give your children nutritious and pleasant dining experiences.

FREE AND REDUCED MEALS

Applications for free and reduced meals are distributed to all students the first day of school. Contact your school office for additional applications. As a reminder, if your child received free or reduced meals last year, their eligibility status will be honored for thirty days. Submit new applications for these students before the end of September.

What do you do?

It's easy! Your student already has an account number upon enrollment---this is also their student ID number. This number will remain the same through elementary and high school.

Students can make a deposit into their account at any time during breakfast and lunch. If your child is in elementary school, please send their money in an envelope (check preferred) along with their name, teacher, ID#, and the amount of money enclosed.

At lunch time, your child will enter the line and make their selection from the food items offered on a daily basis. At the end of the line, they will enter their PIN numbers at the High School level or give the cashier their ID cards at the elementary level or pay with cash.

The Benefits...

You know where your money is going.

Only food items can be purchased.

You don't have to hassle with spare change each day.

Eliminated overt identification of the free and reduce students!

Since less cash is handled, cashiers' lines will move faster which allows more time for the students to enjoy their meals!

Nutri-Kids keeps track of each student's meal and deposit history for parent inquiries.

If your child has money left over at the end of the school year, the money will remain in the account until the next school year.
